Join Liz Granberg-Jerome of Gypsy Dreamer Quilts for a full three day retreat of creating Hexified Panel/One Block Wonder variation quilts at The Creative Place in Spring Hill, Kansas! Liz, your personal teacher, will be guiding you through the process from start to finish. Get hours of hands-on instruction and support as you create your own beautiful art quilt with your teacher by your side. There will be lots of “teaching moments” throughout the retreat as Liz floats around the room offering advice and assistance as needed. You will work on layering and cutting your panels, sewing units together, and creating your own unique color-flow layout during the free sew hours.

Gain inspiration from Liz’s quilts and instruction throughout the weekend. Liz and her husband, Les, have made over 30 Hexified Panel Quilt/One Block Wonder variation quilts, two of which were published in *One Block Wonders of the World* by Maxine Rosenthal and Linda Bardes, as well as three sample quilts made as guest quilt artist for Timeless Treasures Fabrics.
