

## Hexified Panel Quilt Weekend Workshop

**What:** Jump in with both feet at the first ever Hexified Panel Quilt weekend retreat workshop!

**Who:** Quilters interested in learning to make Hexified Panel Quilt/One Block Wonder variations! Space is limited, so get your reservation in soon!

**Why:** Your personal teacher, Liz Granberg-Jerome, owner of Gypsy Dreamer Quilts, will be guiding you through the process from start to finish. Gain inspiration from her quilts and her instruction throughout the weekend. Liz has made over 30 of these One Block Wonder variations, had two included in the 2017 release *One Block Wonders of the World* book by Maxine Rosenthal and Linda Bardes, and has been a guest artist making Hexified Panel Quilt samples for Timeless Treasures Fabrics.

**Where:** The Creative Place, 118 S. Main, Spring Hill, Kansas, has been reserved for our quilting pleasure! The Creative Place has a large work room with space for everyone, plus a fully stocked kitchen and a dorm with 15 twin beds, so plenty of room for quilters to spend the weekend with a fully equipped retreat center. Learn more about TCP and see pictures of the facilities at their website at <https://www.creativeplaceretreats.com>.

**When:** The weekend of November 9-11, 2018. Plan to arrive between 3pm and 5pm on Friday evening.

Tentative schedule:

Friday, Nov 9 .....Arrival between 3pm & 5pm  
.....5:30pm ....Light supper will be served  
.....6:30pm ....Mini-Hexified Panel Quilt trunk show  
.....7:30pm ....Instruction begins! Layering and cutting your panels  
Saturday, Nov 10 .....9:00am .....Chain-Piecing your units—making half-hexies  
.....9:30am .....Sew, sew, sew!  
.....10:00am ...Brunch will be served  
.....Open sew continues with “teaching moments” as needed  
.....3:00pm ....Color flow layout instruction begins  
.....5:30pm ....Supper will be served  
.....6:30pm ....Sew, sew, sew! Design, design, design!  
Sunday, Nov 11 .....9am.....Construction instructions begin  
.....10:00am....Brunch will be served  
.....11:00am....Sew, Design, Construct!  
.....1:00pm .....Wrap up, Q&A  
.....2:00pm .....Check-out

Spend your weekend creating a beautiful art quilt with your teacher by your side. There will be lots of “teaching moments” throughout the weekend. Liz will float the room offering advice and assistance as needed, as you work on cutting, sewing your units together, and creating a color-flow layout during the free sew hours. The goal is to have everyone working on projects that can be completed during the workshop retreat.

There will be plenty of time for visiting, shopping at The Quilted Sunflower right across the street, grabbing a coffee next door at the recently opened Bean Coffee Company, and so much more! Yes, we need to be focused and sew, sew, sew, but we also have to take time for fun!

## Hexified Panel Quilt Weekend Workshop

Level: Confident Beginner/Intermediate

Instructor: Liz Granberg-Jerome, Gypsy Dreamer Quilts

A Hexified Panel Quilt is the result of experimenting with and merging several techniques that use 60° triangles sewn into kaleidoscopic hexies, creating a new hybrid design utilizing fabric panels. What appears challenging can be accomplished with a simple process and no Y-seams. Spend your weekend getting inspired by a mini-Hexified Panel Quilt trunk show on Friday evening; instruction on layering your panels and cutting your strips & triangle sets; chain-piecing your units with Liz's streamlined technique; creating your own unique layout; and constructing your Hexified Panel Quilt top!

### Supply List:

Garden Rendezvous Reimagined pattern\* by Liz Granberg-Jerome

6" Clearview 60° Triangle ruler (with point on top)

Rotary cutter with new blade and self healing cutting mat

6" x 24" ruler

Flat head pins (just a few, maybe a dozen)

Pins & pin cushion

Snips/scissors

Iron and ironing mat/table

Sewing machine in good working order (with manual)

¼" quilting foot and/or ¼" sewing guide for accurate piecing

Neutral or matching #50 cotton thread for piecing

Additional items needed for design and assembly process:

Wonder Clips (~12)

Design wall (portable flannel or flannel-backed tablecloth work well)

Digital camera (recommended but not required—camera phones work great!)

### Fabric:

7 identical panels from the same bolt

½ yard coordinating fabric for flange and/or border.

**If you plan to bring your own 7 panels, it is highly recommended that you select pillow block panels, placemat panels, or panels no larger than 24"x22". Given the scope of these projects, there won't be time to complete a full size panel project in the time allowed for the workshop.**

A variety of pre-cut kits with 7 layers of blocks measuring between 8"x22" up to 24"x22" will be available to pick from at the workshop on Friday evening. Kits vary in cost from \$25 to \$45. The kits have already been cut to include 7 repeats of one block wide by half-WOF, thus sharing the cost of the 4+ yards among multiple kits. Strips and triangles still need to be cut during the workshop. **If you would like to reserve a kit from my kit bag in advance, a contact sheet of kits available can be emailed to you.**

**\*Patterns will be available at the workshop if you don't already have one.**

# Liz Granberg-Jerome

## Gypsy Dreamer Quilts

Liz Granberg-Jerome, custom quilter, teacher, designer, and owner of Gypsy Dreamer Quilts, was born and raised in California, but considers herself a Kansan after moving to raise her three children here over 30 years ago. She started quilting in 2006 while caring for her elderly father and quickly made the transition from a lifetime of sewing to becoming passionate about quilting. Her quilts have a flavor all their own as she creates unique layouts and color play for one-of-a-kind quilts.

Liz was inspired by a friend in 2010 to try her hand at a One Block Wonder quilt, made with 60 degree triangles. In 2015, she joined the One Block Wonder Forum on Facebook and was re-inspired to try it again. Quilters mentioned using panels to make OBWs and Liz took this idea and ran with it, creating her own twist with the Hexified Panel Quilts. Two of her quilts appear in *One Block Wonders of the World* by Maxine Rosenthal & Linda Bardes, released in 2017 by C&T Publishing. Liz is a guest quilt artist for Timeless Treasures Fabrics and has made three quilts for them—In the Garden and Tuscan Poppies were shared on the Timeless Treasures blog and across social media, and Dancing in the Moonlight hung in their vendor booth as a sample at the 2018 International Quilt Market in Portland, Oregon.

Liz lives in Baldwin City, Kansas, with her husband Leslie, whom she met at a quilting retreat in 2016 when he attended her Hexified Panel Quilt workshop. Together they are creating works of art as they continue to stretch the boundaries of the original One Block Wonder technique.

Join Liz as she takes you through her journey using 60 degree triangles to make pieced hexies that produced a variety of quilts. Her journey has touched on One Block Wonders, Stack-and-Whacks, and has evolved into her original design Hexified Panel Quilts, a hybrid that merges techniques learned along the way.
